WHY ACT NOW?

Eligible farm and business solar projects may still qualify for a **30% Federal Investment Tax Credit (ITC)** for systems placed in service by December **31, 2027**, along with accelerated depreciation.

Incentive eligibility depends on current federal requirements and project timing. Contact us for details.

USDA REAP GRANT UPDATE

New rules affect project eligibility and timing.
Ask us how the changes may apply to your project.

WHY SOLARCAM?

- **Seasonal tilt** improves year-round production and helps shed snow.
- **Heavy-duty ground-mount design,** built for Midwest conditions.
- **North American-made Heliene panels** with a 25-year warranty.
- **Proven reliability in 1,000+ installations** across the Midwest.
- **Locally designed, installed and serviced** by Ag Technologies.

NEED PARP CREDITS? JOIN US...

Tuesday, January 12th at New Holland Rossville
Tuesday, January 26th at New Holland Rochester
Friday, February 5th at New Holland Tri-County

All sessions will be from 10am to noon with lunch to follow! There will also be Cat 14 credits available. The speakers will likely be the same at all three events, so you will only want to attend one location. You MUST RSVP by calling in or texting us at 574-216-3243 OR emailing Ginger at g.slisher@nhreq.com!

JOIN US FOR A KINZE PLANTER CLINIC!

Wednesday, January 6th at New Holland Rossville at 10am with lunch to follow! RSVP to Ginger by calling or texting us at 574-216-3243

SERVICE INSPECTIONS

Preventative maintenance today. More uptime tomorrow.

Schedule an inspection at the listed price and receive 10% off inspection-related repairs plus a 1-year parts warranty on dealer-installed CNH parts.

For every inspection or maintenance you book you will be entered to WIN a prize basket that includes a gift card.
